- Long lasting
- 100% soluble
- Won't cloud water

Sizes: 1kg, 2kg, 4kg & 10kg

MULTIFUNCTION STABILISED TABLET

- Disinfectant
- Stabiliser
- Algicide
- Clarifier

Sizes: 1kg, 2kg, 4kg & 10kg

NON CHLORINE SHOCK

- Chlorine-free, gentle to skin and eyes
- Quickly oxidizes contaminants in water

Sizes: 1kg, 2kg, 4kg & 10kg

GRANULAR CHLORINE

- Low residue, high quality, non-stabilised
- High strength, low dosage
- Fast acting and Nil effect on isocyanurate levels

Sizes: 1kg, 2kg, 4kg & 10kg

CHLORINE DIOXIDE PRECURSOR

- Water disinfection & purification
- Controls bacteria and algae
- Effective water treatment sterilant

Sizes: 1kg, 2kg, 4kg & 10kg

LIQUID POOL CHLORINE

- Extremely economical and easy to use
- Fast acting and ideal for sanitising daily
- Instantly soluble and no residue

Sizes: 5L, 15L & 20L

SANITISERS

SANITISERS

SHOCK PLUS

- Chlorine free oxidiser
- Blend of Persulphates
- Ideal for oxidising spas and chloramine reduction in swimming pools

Sizes: 1kg, 2kg, 4kg, 10kg & 25kg

EZI-CHLOR

- Perfect substitute for liquid chlorine
- Residue-free formula
- Si ky soft water, great for skin
- UV protection, long lasting effect
- Effective against green & black algae

Sizes: 1kg, 2kg, 4kg, 10kg & 25kg

MINI TABLETS

- Small tablets for easy accurate dosing
- Slov dissolving for measured weekly dosing
- Staki sed for longer lasting protection
- High strength formula No residue, no clouding

Sizes: 1kg, 2kg, 4kg & 10kg

LONG LASTING TABLETS

- Slovdissolving for measured weekly dosing
- Stabilised for longer lasting protection
- strength formulaHigh
- Can be used as a fast chlorine boost when placed in the skimmer

Sizes: 1kg, 2kg, 4kg, 10kg & 25kg

EASY SHOCK

- Mult -purpose Sanitiser
- Softens & clarifieswater, controls algae
- Removes organics & combined chlorine
- Captures fine particles for clear water
- Fast acting, Swim safely in 30 mins

Sizes: 1kg, 2kg, 4kg & 10kg

BILAYER TABLET

- High efficiency slow-dissolve chlorine
- Eliminates & prevents algae
- Flocculates for better filtration
- Compatible with all filter systems

Sizes: 1kg, 2kg, 4kg & 10kg

Before: Green Algae Visible

After: Algae Removed

BALANCERS

BALANCERS

ALKALINITY INCREASER

- Raises Total Alkalinity & pH
- Contains additional buffering capabilities
- Contributes to softening of water
- Enhances swimmer comfort

Sizes: 2kg, 4kg, 8kg, 10kg & 25kg

CALCIUM INCREASER

- Increases level of calcium
- Raises total hardness
- Promotes improved water balance
- Helps protect pool equipment and surfaces
- Prevents weakness in vinyl liners

Sizes: 2kg, 4kg, 8kg, 10kg & 25kg

STABILISER(SUN SCREEN)

- Protects chlorine from ultra-violet light
- Allows chlorine to work more efficiently
- Reduces chlorine demand

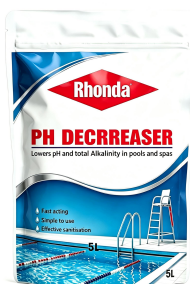

Sizes: 1kg, 2kg, 10kg & 25kg

STABILISER TABLET

- Protects chlorine from ultra-violet light
- Allows chlorine to work more efficiently
- Reduces chlorine demand
- More convenient to use than the powder or granular form

Sizes: 200g & 500g

PH DECREASER

- Decreases pH & Total Alkalinity of pool water
- Safer to use than liquid pool acid
- Spills are easier to clean than liquid pool acid

Sizes: 2kg, 4kg, 8kg, 10kg & 25kg

PH MINUS TABLET

- Decreases pH & Total Alkalinity of pool water
- Safer to use than Dry acid
- More convenient to use than Dry acid

Sizes: 200g

POOL ACID

- Reducing pH and Total Alkalinity
- Regulates the acidity in the water
- Neutralising high pH levels in the water

Sizes: 5L & 15L

pH INCREASER

- Increases pH of pool water
- Provides comfort to bathers
- Assists in pool surface protection
- Protects metal fittings from corrosion

Sizes: 2kg, 4kg, 8kg, 10kg & 25kg
